MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation with General Sam V. Wilson
on 19 January 1977

Sam Wilson called to say he had lunched with Senator Gary Hart last week at my earlier suggestion to both that they get together to discuss the future (or non-future) of military clandestine collection. Sam said he had thoroughly enjoyed Gary and that the conversation was a good one. Next time I meet with Sam (soon, I hope), I will get details.
